

Environmental Policy Statement

It is the policy of Waterfront that care and respect for the environment is taken into consideration in the day to day running of the business.

The company operates the following policies:

1. Waste reduction to the lowest practicable level.
2. Waste disposal in accordance with the Duty of Care regulations.
3. Provision of information on environmental issues to all employees and any sub-contractors.
4. Liaising with Local Authorities on requirements for site burning prior to conducting this activity.
5. Where any environmental hazards are identified these will be assessed and appropriate control measures taken.
6. Assist and co-operate with any third party organisation in relation to environmental issues or incidents.
7. Welcome constructive comments from our employees, sub-contractors and any third party organisation on aspects that may help to continually improve environmental performance.
8. Minimisation of any nuisance aspects the company's activities may have on our neighbours.
9. Commitment to creating a positive environmental culture within the company.

This policy is endorsed by the Managing Director , however , responsibility for implementation of the policy rests with every person in the organisation.
